## Officials 'hopeful' for Ltd. run

BY ED LEPOMA

With time again running out, some powerful members of Congress from three states have asked Amtrak to approve a compromise that will allow the Gulf Coast Limited to continue its daily run from Mobile to New Orleans.

The train's subsidy runs out

this Sunday, and service could come to a temporary halt, but all parties to the talks are hoping there is no interruption in service while an agreement is being finalized.

Key Johnson, who serves on the Southern Rapid Rail Transit Commission (SRRTC) said an agreement in principal was

reached when Commissioners representing Alabama, Louisiana and Mississippi met March 21 in Mobile.

In lieu of contributing actual money to subsidize the run, Johnson said Commissioners want Amtrak to give the states credit if they schedule improvements at grade crossings

and to depots in the three states.

Senators and Congressmen representing the tri-state area signed off on a letter typed on Louisiana Rep. Bob Livingston's letterhead, and sent to Tom Downs, President of Amtrak in Washington, D.C. Livingston serves as chairman of

the powerful House Appropriations Committee.

In the letter, Livingston told Downs: "It is our understanding that Amtrak and the Southern Rapid Rail Transit Commission...have agreed in principal to a Rail Commission

## Casino World exec. resigns

BY ED LEPOMA

The man who helped steer the proposed Casino World project in Hancock County through troubled waters has resigned to join in a proxy fight being waged by disgruntled shareholders of Europa Cruises Corp.

Charles H. "Kip" Reddien, who has been chairman and Chief Executive Officer of the Casino World development project since its inception, confirmed to the Echo that he resigned, effective last Monday, March 24.

Reddien explained, "There is a proxy battle going on within Europa to oust the existing Board of Directors."

"Mostly, some shareholders feel the board was not acting in their best interest, and in a way that was holding (back) shareholder value."

A brief check shows Euro-

pa's stock value holding steady opening February at 1 3/16 and on March 16 at 1 1/4, a decline of 3/32.

Reddien said the dissident shareholders plan to put up their own slate of officers at an

## Scouting campaign to begin

BY ELLIS C. CUEVAS

The New Orleans Area Council, Boy Scouts of America is conducting a Friends of Scouting Campaign organizational meeting.

The Area Council includes 11 Louisiana parishes and Hancock County with its camp, Camp Salmen, located in Hancock County.

On April 3, at 7:30 p.m., a campaign organizational meeting will be held at Coast Electric's Crewroom, Main Street, Bay St. Louis.

The goal set for Hancock County is \$10,000, Will Arnold, Cypress District director, said.

Hancock County is in the Cypress District, which includes St. Tammany Parish.

During 1996, 1,066 Hancock County youths ages 6-10 were involved in Scouting activities.

There were also 218 adult volunteers for the activities, which include 23 Cub Packs, Scout Troops, Explorer Posts and Groups.

Arnold said, "Over 85% of every dollar raised in Hancock

County will be used directly for Hancock's youth."

During 1996 Area Council Scout camper days amounted to 522,380 at Camp Salmen located in Hancock County.

The New Orleans Area Council reports Hancock County benefits economically from Camp Salmen, as its operational costs are estimated at \$500,000 a year, Arnold said.

The Council is an agency of the United Way.

## Bay school board sets bond vote

BY RICHARD MEEK

Voters in Bay St. Louis and Waveland will be asked to approve a school bond issue on the same day county voters will be asked to answer a similar question for Hancock County schools.

The Bay St. Louis-Wave-

land School Board tentatively set May 13 as the election date for its bond issue. Board President Richard Flowers said it would make for a "more efficient election" if both bond issues would be voted on the same day.

The Hancock County School

District is asking voters to approve a \$20 million in bonds to fund two new schools, as well as complete repairs on existing buildings.

No dollar figure has been set for the Bay-Waveland bond, although board members are committed to building a new

middle school. That cost has been estimated between \$5.5-\$6.5 million, depending whether the board decides on a one or two-story building.

That decision may rest on the success of negotiations with Casino Magic to purchase property behind Bay High

School. The board has said the new school will be located behind the high school, and is currently negotiating with Magic officials to purchase casino land buffering district property.

## Burned out B&B may be demolished

BY RICHARD MEEK

Relief may soon be on the way for neighbors weary of living near a burned out bed and breakfast on Nicholson Avenue in Waveland.

The Waveland Board of Aldermen revoked a special use variance that had been granted so that the Azaleas Bed and Breakfast could operate in a residential area. The aldermen also suspended the bed and breakfast's business license.

By revoking the variance, city attorney Ronnie Artigues Jr. said city officials are hoping the Environmental Protection Agency will allow the city to demolish the property based on residential guidelines for asbestos removal. The guidelines for removal of asbestos from a commercial site are much more stringent and expensive, Artigues said.

### Eyesore may be demolished

An eyesore in Waveland may soon be demolished. The Board of Aldermen revoked a variance that had allowed the bed and breakfast to operate in a residential district. The next move is up to the EPA, which must approve the residential site, thus allowing more lenient guidelines in the removal of asbestos from the building. (Echo staff photo by Richard Meek)

## IGNORE YOUR BACKACHE & SUFFER THE CONSEQUENCES.

Back pain, however insignificant it seems, is frequently the beginning of serious painful problems. Problems such as pinched nerves, slipped disc, neuralgia, neuritis, (and sometimes arthritic type pains), tuberculosis and even paralysis.

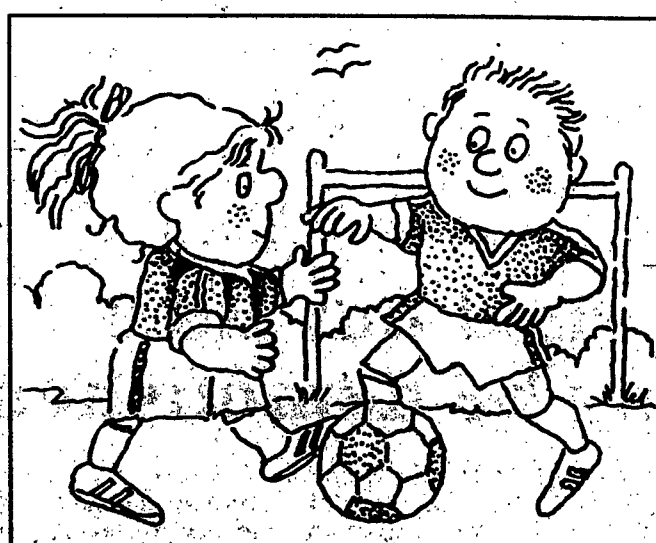

The spine is a complex system of nerves, muscles, bones, ligaments and cartilage which are interconnected to control specific areas of the body. When the bones, or VERTEBRAE are misaligned, they pinch the surrounding nerves, obstructing the flow of energy to other parts of the body. This often results in complications which can be severe and permanent.

Doctors of Chiropractic are experienced in treating patients with back pain. They can restore spinal vertebrae to their proper position, relieving pain and avoiding further serious complications.

When you have back pain, see Dr. Desmond W. Hoda

## Our Pediatricians Provide The Home Team Advantage

Contrary to what some may believe, kids are not just "small adults." They have very different & special needs, especially when it comes to health care. While they are growing up, children become involved in numerous school & social activities, & along the way, they are destined to sustain some bumps & bruises, as well as a few common illnesses.

At Hancock Medical Center, our physicians work together so your children don't miss important activities while they are growing up. Our pediatricians are specially trained to care for your child through each stage—infancy, childhood and adolescence—keeping an experienced eye on health patterns or risks.

Pass mayor not yet qualified

**BY ED LEPOMA**  
Pass Christian Mayor Billy McDonald hasn't qualified for election to a full four-year term yet, but at least three incumbent aldermen will face opposition in the May 6 city primaries. City Clerk Vikki Goff said the qualifying deadline is noon April 5. Goff said the voter registration office at City Hall on Heim Street will also remain open from 8 a.m. to 7 p.m. March 31 through April 4, and from 8 a.m. until noon Saturday for registration and qualifying. Goff released this list of candidates so far. Alderman-at-large Gene Rogers, a Democrat, will be seeking

ing his fourth consecutive term, and will face four opponents. Also qualifying were: Democrats, Steven Biggs and Republicans, Leo A. (Chipper) McDermott, Charles E. Guidroz and Richer Oden. In Ward One, Republican incumbent Jeff Emerson is so far unopposed in a bid for a third consecutive term. Ward 2 incumbent Margaret Jean Kalif, who ran unsuccessfully against McDonald in 1995 to fill the unexpired term left by the resignation of Mayor Ted Lawer, has drawn one Democratic opponent, Joseph B. Pier-nas Sr. Kalif is also a Democrat and will be seeking a third con-

secutive term. In Ward 3, incumbent Democrat Michael Antoine is so far unopposed in his bid for a second term. In Ward 4, incumbent Republican Yvonne (Vonnice) Bodenschatz has drawn Democrat opponent Arthur Balch. Bodenschatz will be seeking a second consecutive term. Bodenschatz led Balch by three votes in the runoff elections four years ago, then defeated him by 36 votes in the general election. If necessary, there will be a runoff vote on Tuesday, May 20. The general election is scheduled for Tuesday, June 3.

Shelter receives donation

**BY ED LEPOMA**  
The future looks brighter for Hancock County's home for abused and neglected children, which has been struggling in recent months to keep its doors open. Terry Latham, executive director of Hope Haven, announced this week that the Mississippi Department of Human Services has given the shelter in Waveland a grant of \$80,000. "This will pay 80 percent of salary costs through September," said Latham. "We'll have to come up with \$26,000 through fund-raisers, plus another \$20,000 for operational costs, but the community seems behind us like never before." Latham said April will begin a month of fund-raisers planned to infuse more money into Hope Haven's coffers. The first is a Concert in the Park on Second Street in downtown Bay St. Louis scheduled from 6 to 10

p.m.—Saturday, April 5. (See schedule of other events). Latham also revealed that plans are underway to build a larger home thanks to the generosity of a local builder. "Julie Rosson (a developer who is building the upscale Acadian Bay residential community on the eastern edge of Waveland) has offered to head up a building project," said Latham. Latham said Rosson told him she would assist with some funding and recruit local contractors and carpenters to help, but Hope Haven would have to find the land. Envisioned is a 3500-square foot house that would replace the present 1,000-square foot facility now being used. Latham said he has learned that American Republic Finance out of Jackson recently approached supervisors about donating to the county 26 acres it owns in Shoreline Park, and he planned to contact representatives of that firm. He said he is also putting out the word to officials of the two cities, to county supervisors and to individual property owners that Hope Haven was in need of "at least an acre of land." Latham said the Jackson-based Heart and Hand charitable organization has agreed to fund one salaried position at \$15,000 annually, and he has made application to the O'Keefe Foundation to fund two positions beginning this fall. He also plans to ask the City of Waveland and Bay St. Louis to help pay the estimated \$10,000 yearly cost of insuring the shelter and Hope Haven's vehicles. Latham said Hope Haven is filing to become a member of the combined federal campaign, which contributes to various organizations during the annual United Way Drive. "That will give me the opportunity to go to federal and state employees, and ask them to spe-

cify an amount our of their pledge that they want to donate to Hope Haven," said Latham. Latham said Hope Haven will also benefit from a subscription drive under way by the Echo. The newspaper will set aside a percentage of revenues from new subscriptions, and donate the amount to Hope Haven. Latham said Hope Haven did not need any more canned goods or clothing, but needs a riding lawnmower or a self-propelled mower, and some volunteers to cut the grass this spring and summer. "All in all, I find a really new spirit of cooperation between the Board of Supervisor, the two cities and the community," said Latham. He said he feels all entities are working with the same goal of helping the children of Hancock County. To map out the future ahead, Latham said the Board of Directors of Hope Haven has appointed an advisory board. New appointees are: Reed H. Breland, asst. branch manager, Peoples Bank; Glenda Bowen of Waveland, a construction engineer; Terry Yetter of Diamondhead, a state social worker; and Dolly Busbea, of Bay St. Louis, asst. manager, Hancock Bank.

Martinolich named to CMR

**BY ED LEPOMA**  
An avid fisherman, Dr. Andrew K. Martinolich Jr., of Bay St. Louis, is one of three new nominees to the Commission on Marine Resources. Gov. Kirki Fordice nominated three new members for senate confirmation this week after the Senate Ports and Marine Resources Committee last week rejected his prior nominees. Committee members claimed Gulfport attorney Sherman Muths, restaurateur Al Holt of Bay St. Louis and Marina owner Richard Pipkin of Gautier would have favored the sports fishermen over commercial interests. Martinolich, 63, will represent recreational fishermen, but said he hopes to strike a balance between sports fishermen and the seafood and casino industries represented on the CMR. The other nominees are Walter E. "Eley" Ross of Biloxi, and Pryor Bailey, 51, of Pascagoula. Ross, who will represent commercial fishermen, is in his mid-70s, shrimps and oysters and has served on previous state commissions. Bailey is general manager of Zapata Protein USA in Moss Point, a company that processes menhaden into fish meal and fish oil. He will represent seafood processors on the board.

Marines to help Hope Haven

The Marine Corps Gulf Coast Detachment No. 715 will conduct a "can shake" to benefit Hope Haven on Sat., Mar. 29. The "can shake" will take place at Highway 90 and Nicholson Avenue and also Highway 90 and Main Street. "All proceeds will go towards Hancock County's Hope Haven," R.B. Peterson, Senior Vice-Commandant said.

**BY ED LEPOMA**  
Hancock County Tax Assessor Eddie Murtagh confirmed this week that the owners of the now-closed Jubilation Casino at Bayou Caddy owe \$290,040 in taxes, due since Feb. 1. Murtagh said the parent company, Alpha Hospitality Corp., has contacted him, and asked for a complete accounting of taxes owed. The development was reported on the heels of reports in Greenville that Alpha paid \$480,000 in past due property taxes to Washington County last week, but is disputing the assessed value placed on the boat and equipment. "That's similar to what happened here," said Murtagh. The local assessor said he was hopeful that the Jubilation would pay its back due taxes without lodging a similar protest in Hancock County. A one percent penalty has been levied on the unpaid balance since it was due Feb. 1. In addition, Murtagh said Alpha owes another \$17,606 in 1995 taxes that were not covered by the security bond. Murtagh said he does not think the county will require the Alpha Corporation to post a surety bond that guarantees payment as it required before the larger Jubilee gambling barge was allowed to sail for Greenville. The bonds guaranteed payment of taxes the Jubilation owed Hancock County for 1994 and 1995. "We're hoping they're going to pay it (the 1996 tax bill) in full," said Murtagh. In the meantime, the assessor said, "All we've got for security is that bucket of bolts down there and the equipment that's on it." He said at least four or five owners are involved in ownership of the boat and the equipment aboard, and he frequently gets requests to remove the boat, slot machines, furniture, fixtures, or other equipment aboard. He said since 1994, his office has managed to recover more than \$750,000 in back taxes owed by the Jubilation. "Nobody's moving nothing until the taxes are paid in full," vowed Murtagh.

MHG hosts immunizations

During the month of April, the Healthier Community Alliance will offer free childhood and adult immunizations along the Mississippi Gulf Coast. Parents who bring their children to be immunized should also bring their child's shot record, social security number and Medicaid Card (if the child is covered under Medicaid). Locally the HCA medical van will be stationed: April 23 — Pass Christian High School, West Second Street, 9 a.m.-noon. For information about the HCA or immunizations for adults or children, call 863-4617.

## "CUEVAS" QUOTES

By Ellis C. Cuevas

The City of Bay St. Louis is gearing up for election primaries to be held on May 6th.

Since there are many new residents in the city, I urge those who are qualified to make sure they have registered to vote.

A person can register during regular office hours at City Hall located on Court Street, and the deadline is noon on April 5 for the May 6 primaries.

From April 1-4, the registrar's office hours will be extended to 7 p.m. and will be open on Sat., April 5 from 8 a.m. until noon.

Persons interested in seeking an office as a candidate in either of the primaries, and also Independent candidates, have a deadline of noon on Saturday, April 5 to qualify.

Best of luck to all of the candidates and voters.

Saturday evening was a great time for an Easter egg hunt in Bay St. Louis at the Railroad Depot.

The sun was shining, and the youngsters were all smiles as they waited for the starting time for annual event, co-sponsored by the American Legion Auxiliary Clement R. Bontemps Unit/Post No. 139 and the City of Bay St. Louis.

The depot's grounds were just right with beautiful green grass high enough to provide cover for the eggs.

When the ready was given, some 200-plus eager boys and girls gave it a go, and some collected an Easter basket full.

Participants also received refreshments and packages of jelly beans and small eggs, so every child got something.

Hancock Bank's "Easter Bunny" had treat eggs for the kids, too.

Janet Aime, who coordinated the hunt with auxiliary members, along with several legionnaires who were handy when needed, all did a very fine job.

Members of the Bay St. Louis Police Explorer Club were on hand to help when needed.

Bay crews had the grounds all divided for the age groups and ready for the hunt.

The affair was dedicated to "Big John" Rutherford, longtime legionnaire and community volunteer.

Aime reports several merchants and individuals also contributed to the success of the affair.

Anyway, thanks to each and everyone who helped make the Easter Egg Hunt a success.

The youngsters will be awaiting next year's affair.

The Hancock County Chamber of Commerce is seeking entrants for the Miss Hancock Chamber contest.

Young ladies interested in entering the contest must be from 18 to 22 years of age, be residents of Hancock County, and have never been married or have children and be in good health. Parents or guardians should also be residents of the county.

Applicants must also have a scholastic average of 2.5 or more for the last semester completed and should not have competed in a statewide Miss Hospitality Contest.

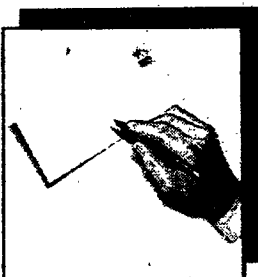

The young lady selected will represent the Chamber and Hancock County at various events during the year, including the Mississippi Deep Sea Fishing Rodeo and will be eligible to participate in the Mississippi Miss Hospitality Pageant in July in Starkville.

Applications are available at the chamber's office, Highway 90, Bay St. Louis.

## LETTERS TO THE EDITOR

### Lizana responds to story on Dedeaux ballfield

To the Editor:

In a February issue of the paper an article read, "Dedeaux begins field of dreams," a ballfield that started in the 1990's (which really began long before that) and that the dream festered for four years when I succeeded Lisa Coward in District 3.

When I took office, the county didn't have much money in the recreation budget, nor did we have many ballfields or parks. The supervisors agreed to take turns and put something in every district.

District 5 had a basketball court and pavilion. District 3 had a ballfield with no lights, no water, a few poles, no dugouts, no restrooms, no concession stands, a washed-out roadway, a washout under left field fence that you could walk under.

The county had hauled numerous loads of dirt, to have it wash out again. I showed them how to fix it without hauling a load of dirt.

We supplied the materials, and the people of the community built restrooms, concession stand, dugouts and batting cage.

Alcan Cable donated the cable, Alexander Pool Co. loaned me a trencher. I dug the trench all the way around the field 1,150 ft. long by 24" deep, buried the cable and covered it with my tractor.

I got Coast Electric from Pearl River County and Hancock County to install the poles and crossies.

We hired through quotes a man to hang the lights, and I worked in the bucket truck with him to hang the lights. Alton

Lumpkin (a licensed electrician) and I wired the lights to the switches.

When we finished the field at Necaise, the people at Dedeaux contacted me about a ballfield. I explained that I had my own ballfield and that we already had plans for a ballfield, restrooms, etc. at Kiln, a basketball court etc. at Lakeshore, a baseball field, etc. at Leetown, which all are complete, except Leetown which is almost complete.

I told the people of Dedeaux that since they bought the land and turned it over to the county, if they would show me where they wanted the backstop, etc. We would erect the backstop and fence it.

When all the other projects were finished we would put lights and etc. on it. They said that would be fine, but weren't sure where the survey stakes were.

I got Hancock Bank (whom they purchased the property from) to survey and show me the stakes.

I took four of my metal posts, drove them at the corners, took my tractor, bushhogged the land lines and told them to let me know what they decided.

So it didn't fester waiting on me. I don't want a pat on the back or a picture in the paper of me digging a trench or in a bucket truck, but I don't want a slap in the face either.

What I did I did for the kids and the people of Hancock County.

Thank you,  
Howard Lizana,  
Former Supervisor  
District 4  
Hancock County

### Law enforcement departments praised

Dear Editor:

I am writing this letter to commend all of the police officers of Hancock County.

A friend and I were recently involved in an unfortunate situation. All officers were extremely efficient and caring when this situation occurred.

I would especially like to express sincere thanks to Jimmy Varnell, Waveland Police chief, as well as Sheriff Ronnie Peterson and Chief Deputy Nathan Hoda. Bay St. Louis Chief

Frank McNeal was also very efficient and handled the situation with a very caring approach and very professionally.

On behalf of my friends and myself, I would like to let the people of the county know how proud I am to live here and know such wonderful people.

The sheriff, two police chiefs and all of their staff were very helpful.

Sincerely,  
Caelia Gensler  
Waveland

### Waveland Fire Department praised

Dear Editor,

Kudos to the City of Waveland Fire Department.

Last Thursday evening a tremendous bolt of lightning struck a tall pine tree in back of our house. The tree was about 100 feet tall and landed on our garage roof where it entered and ignited the

contents. David Garcia, fire chief, the assistant fire chief, Steve Garber and their men and equipment arrived within minutes after 911 was called and promptly prevented the fire from spreading.

The fire department has been a great help to me and my family. I am very grateful to all of the firemen and their families.

### School trustee president criticizes Echo editorial

An Open Letter To The Editor of The Sea Coast Echo:

Shame on you! An unflattering, unwarranted and not totally accurate editorial was presented in the March 13 edition of the Sea Coast Echo entitled "Academics secondary to sports at Bay-Waveland District?" A more accurate account was presented in the same issue by a reporter (Richard Meeks).

The article insinuated that the board "stiffed" the DECA award winners and that they would have to go elsewhere for all of their needed funding. The article implied that the board was more concerned with sports than academics.

I know that each and every board member has the highest concern for academics and that academics come first and that sports follow and are important, too, along with other activities for the development of character and important qualities in our students.

I never said that the board would not fund the DECA program. As trustees of the school district, we must be conservative in the disbursement of our very limited funds and resources, which some people believe are unlimited.

In the past three years that I have served on this board, I have gone on the record many times of the high importance of academics and that it is the reason that we serve, which the paper has never bothered to report.

I have also gone on record that due to years of neglect and lack of funds and because of risk management issues, our focus needed to bring sports facilities, equipment and personnel up to par, and then after doing so, our attention needs to be directed toward academics, basic teaching tools and technology.

I never said the board would not fund the program, and we had no intention of not funding the program for the award winners to compete.

I did highly praise the work by the DECA students, their awards and their sponsors for a job well done. I did direct our chief financial officer to review current funding to see where we might come up with funding and to report back to us.

I also said that I did not think that we would be able to fund all of the project, but that we would look into exactly what we could do.

During the same three years that I have served this board, not once has the Sea Coast Echo praised any action of this board or written an article in support of our actions. Each board member takes his and her duties, responsibilities and obligations seriously, and we try to make the best judgements and decisions that we can.

I realize, as public officials we are open to more criticism than others, and yes, at times we make mistakes, but not intentionally. During those three years we have made a few mistakes, but we also have made many, many more good ones and have done a lot of good for this school system.

I know that we cannot control what the paper prints, in fact it is hard enough to get the paper to report on the good things, such as these DECA awards, but be fair guys!

The paper has consistently criticized our actions, both sports and academics, including not doing enough about sports. I think we at least deserve credit for the positive things we do.

Therefore, I ask the Sea Coast Echo to be fair, review their mission and work together with our school systems. Be fair — report both the positive and the negative as well as your opinion, but let it be known as that — your opinion.

Reporting things accurately out of context is not being truthful. Being one degree away from absence of malice is not necessarily being accurate or truthful — just legally prudent.

I suggest that you apply the Rotary 4-Way test to business decisions as I try to do, that is:

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it be beneficial to all concerned?
4. Will it promote good will and better friendship?

Not just Who, What, Where, When and Why.

Richard Flowers  
President, Board of Trustees  
Bay-Waveland School District

### Former Touchstone employee responds to articles

Dear Sir:

I would like to respond to your article about the raid on the Hare Krishna's business conducted by the Criminal Investigative Division of the IRS.

In particular I want to address some of the statements made by Earl Denham, attorney representing Touchstone Fine Art (the business owned by the members of the Hare Krishna religion at the New Talavan Farm, Carriere).

This type of raid is not an everyday occurrence as he would like us to think. The IRS doesn't send in 30 agents dressed in bullet-proof vests and armed with automatic weapons merely to request records; a couple of clerk types with briefcases would do. There are not 60 families living on the New Talavan Farm property. There are only 10 families along with a handful of single men.

Earl Denham has recently sent notices to all of the remaining families demanding that they vacate their rented living spaces by the end of the year. To spur these devotees along, they have raised the rent to astronomical proportions between now and then. These rents were originally \$50 a month for a trailer space. In February it went to \$100. By October 1997 it will be \$150 a month and by January 1998 they have to be gone.

Most of the devotees there are leaving the state. They have succeeded in creating a good number of "disgruntled" employees and members. An article appeared recently in which Denham claimed that former members filed for unemployment and disability and were turned down.

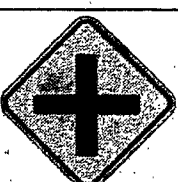

He inferred that Touchstone's problems are the result of false accusations made to the IRS by these former employees. I am the employee who filed the unemployment claim with the Mississippi Employment Security Commission.

At the hearing I attended in October 1995 all Denham and the directors could do was to spread slander and lies about me and never answered the issue at hand which was: was there an employee-employer relationship existing at the Touchstone business.

I won the case and prevailed in all the appeals to the top of the Commission. They failed to complete the appeal to the next level (appellate).

I was paid \$3,135 in unemployment benefits that was due me. I have never contacted the IRS about this business nor have they ever contacted me. This business, Touchstone Fine Art (actually "New Orleans Vedic Society Inc. dba Touchstone Fine Art") was originally established and developed to finance the New Orleans Hare Krishna Temple and the New Talavan Farm, not the three directors and Earl Denham's legal fees.

Thank you,  
Tim Simpson  
Piscayune

## IMS-Stennis researcher to look at St. Louis Bay

A University of Southern Mississippi researcher received an \$18,000 grant to study the impact of increased development on water quality on the western end of the Mississippi Gulf Coast.

Dr. Donald G. Redalje, associate professor at IMS-Stennis, received funding from the Mississippi Department of Marine Resources to examine water quality in St. Louis Bay.

Redalje said the study will examine the impact of a commercial and residential building boom brought on by the introduction of dockside gambling in Hancock County on the bay, which continues to enjoy heavy recreational use. The study also may have some implication for the future of oyster beds located just outside the bay, he said.

"We're looking at questions like what is the water quality in

the bay and how does it change seasonally," Redalje said. "We will also be looking at the phytoplankton (in the bay) as indicators of the environmental quality in and around the bay."

Studies of eastern Mississippi Gulf Coast waters appear to be common, Redalje said he hopes to attract additional grant money to expand study of the western portion of the Mississippi Gulf Coast waters in the future.

## IN AND AROUND DIAMONDHEAD

By Margaret Williamson

### PILGRIMAGE

Diamondhead put its best foot forward—the azaleas, dogwood, bridal wreath, pear trees, pansies, etc. were in full bloom to celebrate the 50th anniversary of the Gulf Coast Council of Garden Clubs' 97 Pilgrimage.

The weather cooperated, too, and over 600 visitors toured the home and gardens.

All ladies who volunteered as hostesses and to do other duties throughout the day, a big thank you, and to Nancy Yarborough, president of the Diamondhead Garden Club, Jean Keen, Brierley Acker and others, bravo for a job well done.

To Virginia Webster, Judy DeGerolamo, Johnnie Boatright, Alice Brameyer, congratulations for excellent first place flower design at the Flower by the Sea Expo. Congratulations to Leila Thissell for her award of merit entry.

We can be very proud of our

participation in a very successful Pilgrimage.

Thanks to all of our grounds maintenance folks for their ongoing terrific job of keeping Diamondhead looking so great.

### ACADEMY HAPPENINGS

Four students of Diamondhead Academy placed in the Regional Science Fair March 20 at the Coast Coliseum in Biloxi.

This is a great showing for a small school since there were over a thousand participants coastwide.

Congratulations to Michael Welch, first grade, second place for Behavioral and Social Science; Zachary Long, first grade, fourth place for Physics and Engineering; James Wahl, fourth grade, fifth place for Chemistry and Biochemistry; and Jonathan McShane, fourth grade, honorable mention for Math, Earth and Space Science.

### ART SHOW

To benefit the Mississippi Alzheimer's Foundation, the Diamondhead Women's Club is having an art exhibit at the community center Saturday, April 5, 9 a.m.-3 p.m.

Tickets are \$3 at the door.

### STATUE

The Hancock County Historical Society will spearhead fund raisers for a statue of Jean Baptiste Le Moyne Sieur de Bienville in Bay St. Louis.

Preliminary plans include accepting donations in any amount and selling commemorative bricks to be placed around the base of the bronze statue.

## Cotton Blossom Ball scheduled

Tricia Lott, wife of Senator Trent Lott, has accepted the honorary chairmanship for the Cotton Blossom Ball Friday, April 4 at 6:30 p.m. at Our Lady of the Gulf Parish Community Center, Bay St. Louis.

"This is a good cause," said Lott, "and the people associated with it are wonderful."

The Cotton Blossom Ball is a fund raiser supporting the joint capital campaign of our Lady Academy and Bay Catholic Elementary. The proceeds will help improve the quality of instruction by providing additional classrooms, enhanced laboratories for science and computers, as well as new space for physical education, athletics, art, music, and foreign language instruction.

The evening will begin with an hour of cocktails, wine tasting, and champagne served with hot and cold hors d'oeuvres and Ronald Bonck playing the piano. The silent auction will begin at 7 p.m.

The Cotton Blossom Ball announced Dr. John de Chiaro, classical guitarist, will perform during the dinner. Dr. de Chiaro made his New York debut in 1976 in a Carnegie Hall

recital hall performance which brought a rave notice from the *New York Times* and launched a career of growing distinction. He has concertized throughout the United States, Mexico and Europe and has performed for Pope John Paul II at the Vatican.

At 10 p.m., Jerry Fisher and the Music Company will take the stage. Fisher, a former member of the band Blood, Sweat and Tears, will be accompanied by guitarist Tommy Moran, drummer Harrell Bosarge, keyboardist Derrell Brown, bassist Eric Watkins and guitarist Johnny Hozey.

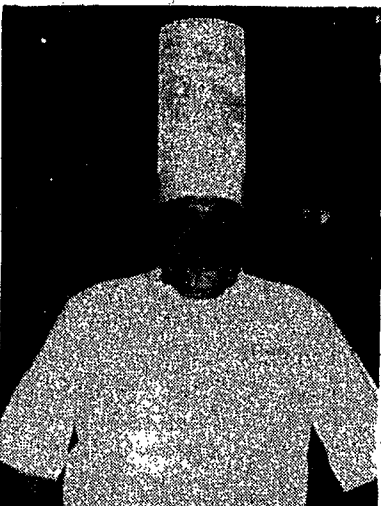

Chappy's Seafood Restaurant in Long Beach will be the Chef du Cuisine for the evening.

Chappy's Seafood Restaurant opened its doors in 1984 and has been a premier dining experience on the Mississippi Gulf Coast ever since. It is through his generosity and culinary expertise that the Cotton Blossom Ball is made possible.

There will be limited seating for this black tie gala. Valet parking will be available. For information or tickets, call Kathleen Monti at 467-8246.

## Retreat scheduled

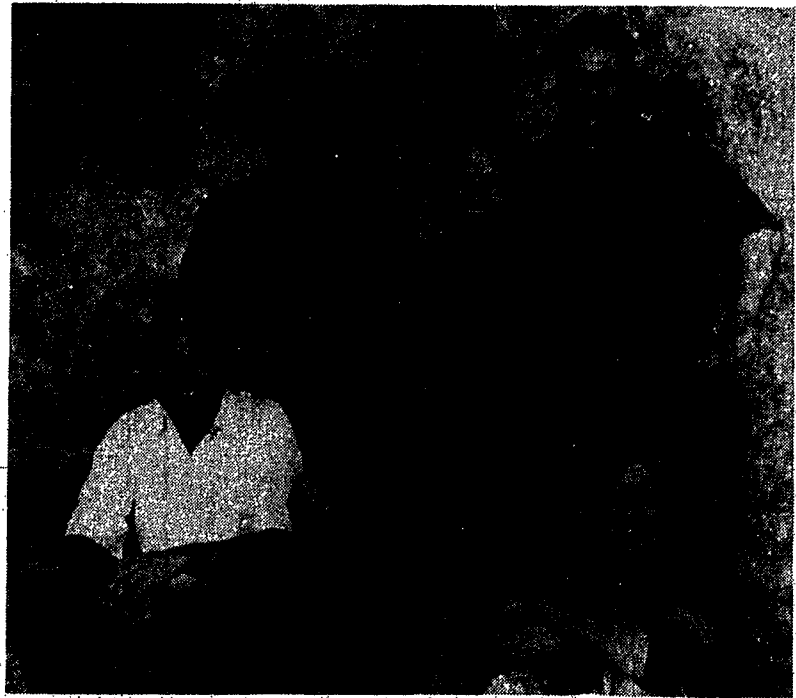

A retreat, "Living in the Resurrection," will be led by the Rev. Linda Lowry at the Episcopal Conference Center in Robert, La. Thursday, April 3, 10 a.m. to noon on Friday, April 4.

Barbara Parker, a religious artist from Trinity Church in Hattiesburg will share her art and co-direct the retreat.

There will be a carpool leaving from Trinity Church's parking lot in Pass Christian on the morning of April 3.

There is a charge of \$50 for the retreat. Ruth Northrop, ECW president, is in charge of arrangements.

For information, call 452-4563.

proposal to continue the daily operation of the Gulf Coast Limited between New Orleans and Mobile beyond the March 31 cutoff date, providing the three participating states will agree, in lieu of state funds, to initiate a schedule of local capital improvements designed to increase the levels of public safety and efficiency at certain designated CSX rail crossings. We regard this as a reasonable and equitable compromise," Livingston wrote.

The congressmen explained "both the freight and passenger rail service currently operating on this route will realize significant, real cost savings in terms of insurance and liability costs" through improvements to grade crossings.

Others signing off on the letter included: Sens. John Breaux and Mary Landrieu and Rep. William Jefferson of Louisiana; Sens. Trent Lott and Thad Cochran and Rep. Gene Taylor of Mississippi; Sen. Richard

Shelby and Reps. Sonny Callahan and Spencer Bachus of Alabama.

Johnson, Dave White, Amtrak's special projects manager in New Orleans, and John LeBourgeois, who serves as technical consultant to the chairman of the SRRTC were optimistic the service would continue.

White said Amtrak was also asked to consider the fact that New Orleans has pledged \$1 million to upgrade the Union

Passenger Terminal. And, Bay St. Louis recently completed renovating its depot at a cost of more than \$868,000.

Johnson reported that passenger use was on the increase as the spring season approached.

"On March 6, the train carried 440 passengers, March 13, there were 562 and March 20, a high of 824," said Johnson.

Due to CSX having to repair some tracks and in an effort to lure more daily commuters, the

The train now departs Mobile each day at 5:30 a.m., with stops in Pascagoula at 6:06 a.m., at Biloxi at 6:27 a.m., at Gulfport, 6:43 a.m., at Bay St. Louis, 7:04 a.m., arriving in New Orleans at 8:40 p.m. It departs New Orleans for the return trip to Mobile each day at 5:45 p.m.

## Resigns

She said Reddien's resignation would not affect the permitting processes for the Casino World project underway in Mississippi.

"Everything is proceeding according to plan," said Vitale. "Our attorneys (Eaton and Cottrell in Jackson) who handle all

of the permitting processes in Mississippi, our environmental consultant and our engineers are moving forward," Vitale said.

Vitale said all parties are working toward completion of the permitting process.

"There will be no delay with

respect to our plans to proceed full-speed ahead," she said.

She revealed that the Mississippi Department of Environmental Quality has scheduled a full-scale evidentiary hearing on the Casino World Project in Jackson on April 29.

Continued from Page 1

Casino World, off the south Diamondhead exit of Interstate 10, and the proposed Circus Circus project off the Kiln-DeLisle exit in Harrison County were granted water quality permits by the MDEQ on Jan. 9. However, citizen groups and environmentalists opposing both projects requested another hearing in hopes DEQ would reverse its decision.

Vitale said Reddien's resignation would also not effect ongoing negotiations for Hilton to enter into a joint venture agreement on the project.

"Mr. Reddien never participated in any negotiations directly with Hilton," said Vitale. "These talks were at the highest level between Arthur Goldberg, the President of Hilton and myself."

Europa announced last February that it had entered into an agreement with the Hilton Gaming Corp., which gave Hilton the exclusive right to negotiate a joint venture agreement. Hilton paid Europa \$400,000 up front and has up to six months to complete the agreement.

If an agreement is reached, it would give Hilton majority ownership, control and management of the proposed development.

As envisioned, at least \$200 million would be invested in the gambling-destination resort complex. The development would include two gambling barges, a 450-room hotel, a sports and entertainment complex, an RV park and a nine-hole golf course.

## Scouting

Many ask the question whether Scouting makes a difference? Statistics on Scouts say:

For every 100 youth who join the Boy Scouts:

- Twelve will have their first contact with a church.
- Eight will enter a vocation discovered through Scouting.
- One will use Scouting skills to save another's life.
- One will use Scouting skills to save their own life.
- Seventeen will become adult Scout volunteers.
- Eighteen will develop hobbies

that will last throughout their adult life.

Almost none will be brought to juvenile court.

Almost all will become ethically and socially responsible adults.

During 1996 the Area Council saw a 15.5% increase over the previous year for youth registered in Scouting activities.

It is the mission of the Boy Scouts of America to serve others by helping to instill values in young people and, in other ways, to prepare them to make ethical choices over their life-

time in achieving their full potential.

Scouting always has the need for sponsors from such areas as churches, civic or professional groups, businesses or industries.

All are encouraged to attend the organizational meeting of the Friends of Scouting Campaign.

Those seeking further information on Scouting, or about the campaign can write: New Orleans Area Council, Boy Scouts of America, 4200 S I-10 Service Road, Metairie, LA 70001, or call 1-504-889-0388.

## Bond

School board officials have said Magic officials have agreed in principle to sell the land but final details are still being negotiated.

Board members have also discussed adding to the bond the cost of completing repairs at the district's four existing buildings. That figure also needs to be determined.

Bond attorney Lucien Bourgeois of Jackson was retained as bond counsel on Monday night.

Bourgeois informed the board that once an election date has been decided, it would have to be approved by the United States Justice Department. That process could take up to 60 days, but Bourgeois, who is from Bay St. Louis and has provided counsel to the board on previous occasions, said an election can be held without Justice Department approval.

However, without the department's approval, the election could be voided, but Bourgeois said that happens infrequently.

Board attorney Ronnie Artigues Jr. said 60 percent of the voters must approve the bond.

In other matters:

—The board also approved funding up to \$4,000 for Bay High's DECA club to attend a national competition in Anaheim, Calif., in April.

DECA representatives had appeared before the board on March 10 asking for financial help to defray the estimated \$7,500 cost of the trip. That total does not include meals, which the students said they will pay for themselves.

Board members at the time instructed Financial Director Garland Cuevas to investigate the feasibility of contributing to the trip.

Superintendent Mike Reed said the money would leave the district \$4,000 less to start the new (fiscal) year with.

The City of Bay St. Louis donated \$3,000 after DECA members appeared before the City Council last week seeking help. The Hancock County Chamber of Commerce distributed a memo to its members describing DECA's plight, and members responded with a \$250 donation. The state is kicking in \$800.

"The community is behind us," DECA sponsor Jane Lamb said.

Ten DECA members earned spots in the national competition.

A special meeting has been

he could share his "vision" of the district with the board before budget workshops begin.

"I want to present my vision," Reed said. "Hopefully, the board will buy into that vision and expand it."

The district's fiscal year ends June 30. Budget discussions should begin shortly after the April 17 meeting.

School principals have been

Continued from Page 1

forced to cut their budgets the past two years.

Bay High assistant principal Carolyn Lee had the interim tag lifted off her appointment. Lee had been named interim assistant principal at the beginning of the school year.

Lee has proven to be popular with students and teachers at Bay High.

## B&B

Continued from Page 1

He said if the EPA deems the property residential, demolition costs may run under \$10,000. However, if the EPA rules otherwise, and a certified asbestos removed is required, the costs may run as high as \$80,000.

Artigues said the process may take as little as 60 days or stretch out no longer than six months. However, if the property is deemed commercial by the EPA, the city may not have the necessary funds to demolish the structure.

The building burned on April 9 shortly after it opened. A lengthy fire investigation was inconclusive, although the insurance company claimed it was arson.

Because of the investigations, and the discovery of the asbestos, the burned out building has sat untouched since the fire. Neighbors have repeatedly complained, and city officials have been frustrated because they have been unable to have what is left of the building removed.

## Gnats

Continued from Page 1

Mississippi State University, there is unfortunately no effective way to minimize the little creatures, which surface each Spring.

"Insects are like us, they tend to like warm weather," Jarrett said. "They spend the winter months in protected places."

He categorizes insects into two groups, nuisance and biting fly.

Anyone here in the Spring knows the gnat goes in the second category.

Most immature flies are worm like and generally live in moist areas, almost like standing water, the entomologist explained.

When they mature and the temperatures warm up, they emerge as adult flies.

Like mosquitoes, the gnats attack to get a "blood meal," Jarrett said. It is the bite that causes the discomfort.

Due to the breeding habits and to the numbers, there is no effective prevention.

"(With) such a large breeding area it's difficult to attack in the immature stage," Jarrett said.

He further explained that since the adults are so widespread in the air there is no way

What can be done is to wear a repellent on the skin which will keep the gnats from approaching you.

As to the popular Skin So Soft, Jarrett said it contains a repellent.

Additionally, anything containing "deet" will do the trick, according to Drew Bates at Hancock County Co-op Extension Services.

As far as ridding the air of the pesky bugs, citronella and foggers may be effective if the air movement can be controlled enough to keep the repellent strong enough.

Jarrett said he had not heard of home remedies such as burning cow manure or rubbing skin and clothing with fabric softener sheets, so he could not comment on their effectiveness. If there is a distinct odor, it may be a factor in repelling the bugs.

The good news is that as soon as the weather gets warm enough we can say good-bye to the gnat.

Then it's hello to the deer fly and the mosquito.

enough to effectively repel them

Big Green captured the BAYS U-8 title this past Saturday completing an undefeated season. The team finished with an unblemished 7-0-0 record with 32 goals for and only 2 against.

Contributing to the five shut-out defensive effort were goalkeepers Madison Laughlin, John Garner, McCandless, Clinton Wallace and Brad Lingsch. Assisting the keepers on the defensive end of the field were Sydney Laughlin, her sister Madison, McCandless, Wallace, Will Pelletieri and Matt Kivlan. Offensively the team was led by Lingsch, Abby Johnson, Tavish Kelly, Kivlan and Wallace.

The team, coached by Andy Kivlan and Bill Lingsch and sponsored by J's Restaurant, continues play in the Southern District tournament April 26-27 at the new Scott Dembo-ski Memorial Soccerplex on Longfellow Road. The tournament will play host to 16 boys and 10 girls teams from across the Coast and north of Hattiesburg.

## Tennis winners crowned

**BY BETSY GAGNET**  
The dust has settled and the players have gone home after a week of tennis at Tennis World in Diamondhead.

Over 100 women competed in the Sr. Women's National Clay Court Championships in the 60, 70, and 80 age groups.

Dodo Cheney, of LaJolla, Calif., captured the 80 Singles to win her 278th gold ball.

One player commented the tournament was one of the strongest in recent history with many of the top players there to compete.

Despite two rain delays, one a entire day, Director of Tennis Mike Milliken said the tournament moved along well with the finals played as scheduled on Sunday.

"Things went very smooth," he said. "The players were very cooperative."

The response from players was positive. Many spoke of seeing local sights including participating in the Spring Pigeonage.

The casinos were a big draw for several players, as were area restaurants from Gulfport to Biloxi.

The tournament was scrutinized by the United States Tennis Association through national and sectional evaluators and organizers are hopeful it will return in 1998.

Milliken said he could not have done it without the help of his tournament staff who dedicated much time in putting on the event.

Connie (Skrimetta) was in-charge of the tournament and as a tournament coordinator, he said, "John McCann did a great job

as Crew Chief for the umpires." Several other volunteers were out every day during the tournament including Jim Hunt who Milliken said was there each day from 6 a.m.-10 p.m. "doing whatever needed to be done."

In the 60's Singles Nancy Reed of Winter Park, FL defeated Doris Devries of California 6-4, 6-4.

Elaine Mason of Baton Rouge, LA defeated Alice Knobe of California, 6-1, 6-2 to win the 70 Singles.

The 80 Doubles went to the team of Dodo Cheney and Sheila Evans who defeated Elizabeth Dudley and Margaret Gisolo 6-1, 6-4.

In the 60 Doubles the title went to Mary-Lenore Blair and

Nancy Reed who won 6-3, 6-3 over Lee Burling and Betsy Roberti.

The 70 Doubles were won by the team of Elaine Mason and June Dickey who defeated Jeanne Garrett and Peggy Landtroop 6-3, 6-1.

Feed In Championships results:

60 Singles- Burnette Herrick def. Lin Tietz 6-3, 6-3.

60 Doubles- Devries-Tietz def. Wasser-Wood 6-3, 7-5.

70 Singles- Kay Wakely def. Peggy Landtroop 6-1, 6-1.

## Boating safety course coming in April

Beginning July 1, any person born after June 30, 1980 may not operate a vessel without first obtaining a certificate of satisfactory completion of a boating safety course.

A person under the age of 12 may not operate a motorboat unless he possesses a certificate as required by law. Also, they must be accompanied by a parent or guardian or other person who is at least 21 years old and capable of operating the vessel.

Officers with the Department of Wildlife, Fisheries and Parks will put on a boat and water safety course during April at the Biloxi Public Library at 10391 Auto Mall Parkway.

The boating safety class is a six-hour course and will be taught in three segments: April 1, 8, and 15. Each class lasts from 5:30-7:30 p.m. Individuals must complete all three classes to receive certification. The classes are free.

For information or to reserve a place in a class, call 601-432-7708 or 1-800-294-5551.

## Rocks defeat Gulfport

BY RICHARD MEEK

Jimmy Smith's solo home run in the bottom of the seventh inning capped a St. Stanislaus rally and gave the Rocks an 8-7 victory over Gulfport at SSC on Tuesday night.

After falling behind 7-3 through four innings, the Rocks rallied for five runs over the final three innings, including three in the sixth and one each in the fifth and seventh.

Smith, Brantley Ladner, Joey Nilet, Jesse Williams and Kile Foster collected two hits each for the Rocks. Ladner and Williams each had two RBI. Every SSC hitter notched at least one hit.

Justin Gunter relieved Rock starter Foster in the second inning and picked up the win to run his record to 3-0. Craig Gilbert was charged with the loss for the Admirals, 9-6.

The victory continued SSC's outstanding play outside of Division 7.4A. The Rocks are 10-6 overall but only 1-4 in league play.

"Our players showed great determination and character after quickly falling behind," Rock coach Stace McRaney said. "They made up their minds that they were going to come back and win this game."

Stanislaus plays host to Piquette today at 3 p.m. and travels to Petal on Saturday for a 2 p.m. contest.

## 'Outdoors Woman' workshop

"Becoming an Outdoors Woman" workshop is being offered this year by the Mississippi Department of Wildlife, Fisheries and Parks April 25-27 at the John Kyle State Park in Sardis.

Outdoor sketching, power boating, introduction to firearms, outdoor photography and reading maps and compasses are among the many sessions that will be offered during the workshop.

"Becoming an Outdoors Woman" provides an environment where women can learn many outdoor skills without feeling intimidated. The instructors are patient and don't expect the participants to be instant experts. They enjoy teaching anyone a new skill or hobby," said Martha Cooper, BOW coordinator.

The workshop will be at John Kyle State Park in Sardis. Fee is \$80 before April 15 and \$100 after April 15, which includes all meals, lodging and class instruction.

For information, contact the Mississippi Museum of Natural Science at 601-354-7303.

## AFTER THE WHISTLE

\* Mississippi has clinched a play-off spot and begins the week tied third in the South with a record of 33-24-10 and 76 points. They are tied with Louisiana and Mobile. They are three points behind Birmingham and four points behind Tallahassee. The Sea Wolves have a game in hand on the Bulls and are even in games played with the Mysticks, Ice Gators and Tiger Sharks.

\* Mississippi has lost 117 man games due to injury and 117 due to call-ups.

\* The Sea Wolves are fifth in the league in attendance averaging 6,607 fans per game through 33 dates. They have had six sellouts of 9,150, three crowds over 8,000, five over 7,000 and five over 6,000.

\* The Sea Wolves are 22-8-3 at home with 47 points, tied sixth best in the league. They have outscored the opposition 119-93, an average of 3.61 to 2.82.

\* Mississippi is 11-16-7 on the road with 29 points, tied 12th best in the ECHL. They have been outscored 144-116, an average of 4.24 to 3.41.

\* The Sea Wolves are 10-2-1 on Tuesday, including 8-2 at home.

\* Mississippi has been outshot this season 2263-2187, an average of 33.8 to 32.6. However, in the last 26 games, the Sea Wolves have outshot the opposition 880-787, an average of 33.8 - 30.3. They are 15-11-2 when outshooting the opponent.

\* The Sea Wolves are second in the league with 17 shorthanded goals, 12 of which have come at home, most in the circuit.

\* The Sea Wolves are 24-16-5 against teams .500 or better and 9-8-5 against teams .500 or below.

\* The Sea Wolves powerplay is tied 10th in the league converting 21.1%. Mississippi has scored 68 powerplay goals on 322 chances. They are just 3/31 (9.6%) in the last eight games. They are tied 13th at home converting on 33/158 for 20.9% and tied ninth on the road 35/164 21.3%.

\* Mississippi's penalty killing is third in the league allowing 64 goals in 359 times shorthanded for 82.2%. They have killed 30/34 this month for 88.2%. They are second at home killing 160 of 183 for 87.4%. In the last five at home, the locals have killed 25/26 (96.1%).

\* The Sea Wolves are 30-17-7 vs. the South, 1-4-1 vs. The East and 2-3-2 against the North.

\* Mississippi has allowed just six goals in the last four games, an average of 1.50 per game. They are tied ninth defensively, allowing just 3.50 goals against per game.

## TRACKING THE SEA WOLVES

\* Troy Mann leads the team in goals with 33 and is second in points with 65.

\* Jeff Rohlicek is tied 16th in the ECHL scoring race. In 741 pro games, Jeff has 290 goals, 418 assists and 708 points. He has five goals, 13 assists and 18 points in 11 of the last 12, 36 points (15g, 21a) in 20 of the last 22, 42 points (16g, 26a) in 42 of the last 29, and 63 points (23g, 40a) in the last 44. Jeff leads the team in assists with 54 and 87 points. He is having his best pro season since 1988-89 when he recorded 47 goals and 110 points in 78 games with Milwaukee.

\* Kevin Evans leads the ECHL with 498 penalty minutes in 61 games, an average of 8.1 per game. He has the third highest penalty minutes in a season in ECHL history. He needs nine minutes to claim second and is just 14 penalty minutes behind the ECHL mark of 512. He leads the circuit with 89 minor penalties and is tied second in the league with 30 major penalties. He is pro hockey's all-time penalty minute leader with 4,428 in 672 pro games, an average of 6.6 per game. He has penalties in 53 of 61 games to date.

\* Quinn Fair has a two game point streak (1g, 1a, 2pts) and seven points (4g, 3a) in six of the last 11. He scored his 12th goal of the season Saturday against Pensacola surpassing his collegiate career high of 11 goals in 1993-94 with Kent State.

\* Yannick Jean ended a 46 game goal drought scoring Friday in Jacksonville.

\* Kevin McKinnon has six points (3g, 3a) in four of the last six. Kelly Hurd has a nine game, 12 point (5g, 7a) scoring streak. That ties him for the season high scoring streak with Jeff Rohlicek notched 17 points (9g, 8a) from 1/28 - 2/23.

\* Stephane Carbonneau has six goals and 11 points in the 10 games he has played as a Sea Wolf. He has three powerplay goals and one shorthanded in that span.

\* Sylvain Daigle is sixth in the ECHL in goals against at 3.08 and second in saves percentage at 91.5%.

\* Frederick Beaubien is 3-1 in his last four starts with a 1.75 goals against and 93.1% saves percentage. He recorded his second shutout of the season Friday in Jacksonville and has now gone 103:02 without allowing a goal.

## McGill named All-Star

Pearl River College sophomore forward Ray McGill (20) of Picayune was named to the Mississippi Community/Junior College South Division All-Star Team and will compete in the state All-Star game Thursday, April 3 on the Northwest Community College campus in Senatobia.

## Pearl River sweeps

The Pearl River Community College Wildcats bumped their overall record to 13-9 Monday with a doubleheader sweep of Gulf Coast Christian Community College from Plaquemine, La.

Pearl River won the first game 9-3, then followed with a 9-6 victory in the nightcap. The wins marked the second straight doubleheader sweep by the Wildcats. PRCC swept South Division rival Southwest on Saturday.

Against Gulf Coast Christian, Pearl River won the first game 9-3, then followed with a 9-6 victory.

In the first game, Rich Stampley (2-1) was the winning pitcher, going 5 innings and allowing 2 runs (both earned) off 5 hits, while striking out 2 and walking 5. Ryan Davis saw 2 innings of relief duty and allowed 1 run off 2 hits, while striking out 3 and walking 1.

Wally Shabazz of Bay St. Louis led PRCC at the plate with 2 singles and a triple. Steve Cook singled and doubled. Chad Young doubled, while Chad Menard, Kevin Davis and Chris Snipp all singled.

In the second game, Shawn Grigsby (1-1) got the win, pitching 4 2/3 innings in relief of starter Corey Pitre. Grigsby gave up no runs off 1 hit, while striking out 3 and walking 2. Pitre gave up 6 runs off 5 hits, while striking out 2 and walking 2 in the opening 2 1/3 innings of the game.

Stampley led PRCC at the plate with 2 doubles, while Curtis Young had 2 singles. Cook doubled, while Grigsby and Forrest Hudson both singled.

The Wildcats played error-free in the first game, but committed 4 in the second.

Against Southwest on Saturday, PRCC won the first game 2-1, but it took the Wildcats 9 innings to win nightcap 6-5 and bump its South Division record to 5-3.

Tim Hamilton (3-1) was the winning pitcher in the first game, while T. J. Landreneau picked up his second save of the season for PRCC.

Eric Langston led Pearl River at the plate with a solo homer, while Davis Stampley, Grigsby and David Ardoin all singled.

In the second game, Landreneau (2-3) was the winning pitcher, while Greg Coone, Michael Pruitt, and Rosario Car-

uso also saw mound duty.

Jacques Poole paced PRCC hitters with a single and a double, while Luke Weems of Bay St. Louis hit a solo homer. Ardoin doubled, while Chad Young singled.

## Wildcats cop honors

Four members of the 1997 Pearl River Community College Wildcat basketball players have earned post season honors, according to Wildcat coach Richard Mathis.

Freshman Todd Daniels was named First Team All-State, All-Region 23, and copped a place on the All-Region 23 Tournament Team. Daniels, a 6-10 point guard, was second on the Wildcat team in scoring, averaging 16.4 points, 6.3 assists per game, and 4.8 rebounds per game.

## Bird Day planned

On April 5, the Mississippi Sandhill Crane National Wildlife Refuge at Gautier will be celebrating International Migratory Bird Day. It's the place to visit for those who like birds and native wildflowers, according to the Mississippi Museum of Natural Science.

From 9 a.m.-noon, refuge visitors can hike through a pine savannah and experience the sights and sounds of spring unfolding in nature.

The refuge offers an opportunity to explore Mississippi's most diverse plant communities such as carnivorous pitcher plants and others.

THE SEA COAST ECHO—THURSDAY, MARCH 27, 1997-11

## Chamber's leadership class

Members of the inaugural class of the Hancock County Chamber of Commerce's Leadership Hancock County program toured the John C. Stennis Space Center complex last week. The group met with top officials from the various organizations located at the center. The visit included an overview of the entire facility and its impact on the local economy, tours of the Navy's super computer, visitors center, and engine test stands. Jeff Hansell, above right, also took the group on a rare walk through of the space shuttle engine assembly and checkout center. (Echo staff photo by Randy Ponder)

## Safety award

Alcan Cable manager Pierre Langevin, left center, receives a plaque from Ed Dicks, Liberty Mutual loss prevention consultant. The Bay St. Louis industry received the award for its outstanding achievement of having worked 1,000,000 hours at less than half of the OSHA accident rate. Langevin accepted the award on behalf of the employees who have gone two years without a loss-of-time accident. Alcan's employees are treated to a steak dinner, seafood gumbo and all the trimmings each year they go without a loss-of-time accident. (Echo staff photo by Ellis C. Cuevas)

## Hibernia opens in Diamondhead

Hibernia National Bank has begun providing mortgage banking, brokerage and investment services in Mississippi, the first time the 127-year-old bank has served the Magnolia State.

The mortgage banking and Hibernia Investment Securities Inc. (HISI) office has opened at 445 Yacht Club Drive in Diamondhead. Hibernia recently received national recognition by Fannie Mae for speed and efficiency in processing customer mortgage applications.

The Diamondhead office was established with an eye on Hibernia's future.

"Our presence in Mississippi gives Hibernia the opportunity to provide vital real estate lending services to this booming market through more than 80 types of home mortgage products," said Trina Keel, mortgage loan originator. Products include FHA and VA mortgages as well as jumbo, adjustable-rate and conventional fixed-rate mortgages.

"This expansion into Diamondhead is a clear reflection of our dedication to growth and service," said Stephen A. Hansel, president and CEO of Hibernia. "It's a natural fit for us to expand our services into southern Mississippi, an area experiencing significant economic growth of its own."

## Desktop publishing

Learn the basics of desktop publishing through a University of Southern Mississippi Gulf Coast's Division of Continuing Education course April 21 and 22.

"Desktop Publishing" will be taught at USMGC's Gulf Park campus April 21 and 22 from 8:30 a.m. each day. Cost is \$25.

For information or to register, call (601) 865-4508 or (601) 865-6135.

## Benvenutti elected to board

Bay St. Louis attorney Steve Benvenutti has been elected to the Board of Bar Commissioners of the Mississippi Bar. Benvenutti will represent the Second Circuit Court District and will assume his duties on the board beginning in June at the bar's annual meeting in Biloxi.

The Board of Bar Commissioners is the governing body of the Mississippi Bar, which is composed of more than 5,800 attorneys. Members of the board include statewide elected officers as well as representatives from each Mississippi's Circuit Court districts.

## Paint the Can Contest

The Old Town Bay St. Louis Merchants Association is sponsoring a "Paint the Can Contest" April 19 at 10 a.m. at the Bay St. Louis Train Depot. Judging is at 1 p.m. for first prize, \$100; second, \$50; and third, \$25. (Rain date is May 3). Theme is "Life in Hancock County."

The contest is limited to 30 entrants at \$5 each for individuals or teams. Participants should be high school age or older. Entrants should bring paints. Cans will be provided.

The finished cans will be donated to the City of Bay St. Louis for placement on the beaches and other areas around town.

Registration is at Benigno's Deli, Blaize Avenue, or Emerald Bay, Beach Boulevard, Bay St. Louis.

For information, call 466-0105 or 466-3339.

### Public Notice

IN THE CHANCERY COURT OF HANCOCK COUNTY, MISSISSIPPI  
MICHAEL E. TRECHARD, Plaintiff  
vs.  
FIVE STAR ASSOCIATES, INC., ET AL. Defendants  
PUBLICATION SUMMONS  
CAUSE NO. 97-0181  
TO: (A) Five Star Associates, Inc., a Florida corporation, whose present address, both asset address and post office address, is 13330 West Colonial Drive, #130, Winter Garden, FL 32787; (B) any and all other persons having claim against any legal or equitable interest in the following land:

Lot 10, Block 7, Unit 4-A, Diamondhead, Phase 2, according to the map or plat thereof recorded in Plat Book 4-A, Page 30-32, inclusive, in the office of the Chancery Clerk of Hancock County, Mississippi.

You have been made defendants in the lawsuit filed in this Court by Michael E. Trechard, plaintiff, whose address is c/o John A. Scallie, Jr., Esq., P.O. Box 70, Bay St. Louis, Mississippi 39520.

The complaint filed against you has initiated a civil action alleging legal ownership of the above described property and seeking to quiet and confirm title.

You are required to file with the Clerk of this Court a written answer either admitting or denying each allegation in the complaint; and, in addition, a copy of your written answer should be either mailed or hand delivered to John A. Scallie, Jr., Esq., plaintiff's attorney, whose address is P.O. Box 70, Bay St. Louis, Mississippi 39520.

YOUR ANSWER MUST BE FILED NOT LATER THAN THIRTY DAYS AFTER THE 13TH DAY OF MARCH, 1997, WHICH IS THE DATE OF THE FIRST PUBLICATION OF THIS SUMMONS. IF YOUR ANSWER IS NOT SO MAILED OR DELIVERED, A JUDGMENT BY DEFAULT MAY BE ENTERED AGAINST YOU FOR THE MONEY OR OTHER RELIEF DEMAND IN THE COMPLAINT.

WITNESS My signature and official seal this, the 10th day of March, 1997.
